8. HEALTH HAZARD DATA**EYE CONTACT:**

Eye contact is not expected to occur during normal use of the product.

SKIN CONTACT:

No adverse health effects are expected from skin contact.

INHALATION:

The odor associated with these films, which is common with vinyl materials, is due to low level residual odor from the manufacturing process. The odor is strongest when a new box is opened or if the films are used in a room without adequate ventilation. This odor has no adverse health effects; however, some people may initially find the odor objectionable and may even feel nauseated from it.

IF SWALLOWED:

Ingestion is not a likely route of exposure to this product.

OTHER HEALTH HAZARD INFORMATION:

This product, when used under reasonable conditions or in accordance with the 3M directions for use, should not present a health and safety hazard. However, use or processing of the product in a manner not in accordance with the product's directions for use may affect the performance of the product and may present potential health and safety hazards.
